Dear Parents and Carers,

### Ed Tech Pupil Survey Consent - Year 4 and 5

As part of our Surface device rollout, we conduct regular surveys of pupils to establish their confidence levels with using Ed Tech and their views about how technology could be used in the classroom to enhance learning. We run these surveys using *Bounce Together*, which is a secure web site that allows teachers to conduct pupil surveys. Children's responses are not anonymous but are only shared with the class teachers and Mrs. Eveson as Ed Tech Lead.

All data is stored in secure servers on *Bounce Together*, a trusted partner who supports us with the Demonstrator Programme.

We would like to be able to use the results of these surveys to inform our device rollout programme, and anonymised responses externally as part of our training of other schools and research. For external usage, children's names would not be used, and they would **not** be identifiable through their responses.

Please contact school by Friday, 17<sup>th</sup> September if you **do not** give consent for your child's responses to be used.

Yours sincerely,

Mrs. Eveson  
Ed Tech Lead
