Dear Parents and Carers,

### Surface Devices Rollout

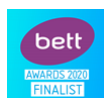

We would like to announce a wonderful opportunity for your children to use some brand-new Ed Tech devices in the classroom. In Years 4 and 5, Surface devices have been purchased for pupils to use in lessons to make learning more exciting for pupils.

We hope that they embrace this exciting opportunity and enjoy the benefits of using this technology. Please see the attached flyer for more information.

Yours sincerely,

Mrs L. Begum  
Ed Tech Team

Mrs L. Eveson

# Surface Devices Rollout

- We will be trialling the use of Surface Devices in Year 4 and 5 this academic year.
- Devices convert to a tablet by closing the stand at the back.
- A stylus has been included to allow pupils to write on the screen.

- Pupils will be able to access a range of apps to support their learning in lessons and to make learning more exciting.

- Children will be able to create and save their work in their OneNote workspace, providing more flexibility with how they set out their work.
- Teachers can also leave engaging feedback using stickers, audio comments and typed feedback for pupils.
